I move that the following joint resolution be printed in the Journal:

A Joint Resolution

Proposing to amend Article 3 of the Constitution of the State of Texas by adding to Section 48 thereof a provision authorizing the levying of taxes for the construction and maintenance of the highways of the State and by adding to Section 49 of said article a provision enabling the Legislature to provide for the extension of the credit of the State for the purpose of the construction of a system of highways and reimbursing outlays and assuming obligations, made by counties and defined road districts of the State therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 3 of the Constitution of the State of Texas be so amended that Sections 48 and 49 thereof will hereafter read as follows:

"Sec. 48. Power to Levy Taxes.—The Legislature shall not have the right to levy taxes or impose burdens upon the people, except to raise revenue sufficient for the economical administration of the government, in which may be included the following purposes:

The payment of all interest upon the bonded debt of the State;

The erection and repairs of public buildings;

The benefit of the sinking fund, which shall not be more than two per centum of the public debt; and for the payment of the present floating debt of the State, including matured bonds for the payment of which the sinking fund is inadequate.

The support of public schools, in which shall be included colleges and universities established by the State; and the maintenance and support of the Agricultural and Mechanical College of Texas.

The payment of the cost of assessing and collecting the revenue; and the payment of all officers, agents and employees of the State government, and all incidental expenses connected therewith.

The support of the Blind Asylum, the Deaf and Dumb Asylum, and the Insane Asylum; the State Cemetery and public grounds of the State.

The enforcement of quarantine regulations on the coast of Texas.

The protection of the frontier.

The construction and maintenance of a system of highways and reimbursing outlays and assuming obligations made by counties and defined road districts of the State therefor."

"Sec. 49. When Debts May Be Created.—No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, pay existing debt and the indebtedness under the provisions hereof, shall at no time exceed two hundred thousand dollars;

Provided, however, that the credit of the State may be extended for the purpose of raising funds for the construction and improvement of a State system of highways and to supplement such funds as may be provided by the Legislature from current sources of revenue and to reimburse outlays and/or assume obligations made by counties and defined road districts of the State therefor; for which purposes the total indebtedness at any time outstanding shall never exceed \$175,000,000, of which sum not more than \$75,000,000 shall be used for reimbursing counties and road districts as herein provided.

Provided further, that the Legislature shall apply the revenues arising from gasoline taxes and registration fees on motor vehicles and taxes on commercial vehicles engaged in the business of transporting persons and property within the State, then existing, before resorting to an ad valorem property tax as a means of discharging such bonds or obligations; provided, that one-fourth of the proceeds arising from the tax on gasoline shall be applied to the public free school fund, and provided further that by a referendum vote of the people submitted by the Legislature said limit of \$100,000,000 for highway construction and improvement may be increased from time to time to such sum as by such vote may be determined."

Section 2. That the foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the fourth Saturday in July, A. D. 1929, at which all ballots shall have printed thereon the following:

For the amendment to Article 3 of the Constitution of the State of Texas enabling the Legislature to levy taxes and extend the credit of the State for the purpose of providing for the

construction and improvement of a system of State highways not to exceed \$100,000,000 outstanding at any time unless extended by a referendum vote of the people and reimbursing outlays and/or assuming obligations made by counties and defined road districts of the State of Texas therefor, not to exceed the sum of \$75,000,000 and ratifying legislation enacted thereunder by the Forty-first Legislature.

Against the amendment to Article 3 of the Constitution of the State of Texas enabling the Legislature to levy taxes and extend the credit of the State for the purpose of providing for the construction and improvement of a system of State highways not to exceed \$100,000,000 outstanding at any time unless extended by a referendum vote of the people and reimbursing outlays and/or assuming obligations made by counties and defined road districts of the State of Texas therefor, not to exceed the sum of \$75,000,000 and ratifying legislation enacted thereunder by the Forty-first Legislature.

Section 3. Legislation passed by the Forty-first Legislature of the State of Texas in conformity and not in conflict with this amendment is hereby ratified.

Section 4. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not the proposed constitutional amendments, set forth herein, shall be adopted and to have same published, as required by the Constitution and laws of this State. "Article 534. In all cases where any child shall be a 'delinquent child' or a 'neglected or dependent child' as defined in the statutes of this State, and in all cases where a child is caused to become a delinquent child or a dependent and neglected child, whether previously convicted or not, the parent, guardian or person having the custody of, or the person responsible for such child, or any person who by any act encourages, causes, acts in conjunction with or contributes to the delinquency, dependency or the neglect of such child, or who shall in any manner cause, encourage, act in conjunction with or contribute to the delinquency, dependency or the neglect of such child, shall be fined not exceeding five hundred (\$500) dollars or be imprisoned in jail not to exceed one year, or both. By the term 'delinquency' as used herein is also meant any act which tends to debase or injure the morals, health or welfare of such child and includes the use of tobacco in any form, drinking intoxicating liquor, the use of narcotics, going into or remaining in any bawdy house, assignation house, disorderly house or road house, hotel, public dance hall where prostitutes, gamblers or thieves are permitted to enter and ply their trade, going into a place where intoxicating liquors or narcotics are kept, drank, used or sold, or associating with thieves and immoral persons, or cause them to leave home or to leave the custody of their parents or guardian or persons standing in lieu thereof without first receiving their consent and against their will, and any other act which would constitute such a child a

delinquent or cause it to become a delinquent by committing such act.

Sec. 2. The fact that the present law relating to delinquent children has been declared inoperative as to many acts, and the necessity for the proper care and protection of our girls and boys, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and said rule is hereby suspended, and that this act shall take effect and be in force from and after its passage, and it is so enacted.

The amendment was adopted.

Senate bill No. 35 was then passed to third reading.

Reasons for Not Voting.

My reasons for registering present and not voting on Senate bill No. 356 are: It authorizes the continuance of civil and criminal cases when the plaintiff or defendant or his attorney are actively engaged in legislative duties. I think the bill is a very meritorious bill, but on account of having some law suits set down for trial in which I am leading counsel, I fear by voting for the bill it might be contended that I voted for a measure in which I was either directly or indirectly interested—hence my registering present and not voting.
